Mission, Vision, Values & Philosophy

Our mission is to provide superior service delivery with integrity, accountability, and high standards of performance. Our vision is to create a model business that performs to its highest potential. Our code of ethics expresses our values: honesty, integrity, and respect. Our philosophy is to listen to our clients, understand their needs, respond appropriately, and continuously improve our services. Our objective is to attract, select, and retain employees dedicated to the highest standards of performance. Our goal is to foster a service-oriented culture within which the best people choose to work. Our paramount purpose is supporting the mission of our clients.

What Distinguishes Us

Access Therapies Inc. is a financially sound MBE with strong corporate leadership that is entirely comprised of prior healthcare personnel. Access's success in providing high quality services and value to the Federal Government has allowed us to experience significant growth with capital resources for operations and expansion. Access started with a focus in Allied Healthcare professional staffing services. The company has since capitalized on its growth in the healthcare outsourcing services to provide comprehensive healthcare staffing services to commercial clients and multiple government agencies.

As a rapidly-growing 8(a) small business, our practice of maximizing support through strategic partnerships with reputable healthcare industry leaders ensures we remain a reliable, trusted provider with a solid national presence. We work to identify ongoing solutions through effective, professional corporate management combined with proven support resources:

- Web-based Quality Management System (QMS)
- Web-based Contract Management System (CRM)
- Electronic Time Management Technology
- Professional Advisors of Industry and Subject Matter Experts
