

REQUIRED DOCUMENTATION CHECKLIST

(ALL COPIES MUST BE CLEAR)

The Documentation Below Must Be In Your File Prior To Any Assignment.

Application Materials (forms provided in this document)

1. Job **Application** must be completed in full. Please print or type neatly. You may include your **resume**, but it will not replace a complete job application.
2. **Clinical Skills Checklist** (Neonatal and OR in addition, if applicable).
3. Signed Job Description.
4. **Two** references and/or written references on letterhead or a performance evaluation with **one** other reference.
5. State Criminal Back Ground Check with in the last 6 months.

Medical Documentation (you may use the forms attached or provide clear, original copies with a Doctor's signature and an official stamp)

5. A current physical or physician's statement within previous 12 months.
6. Hepatitis B documentation (vaccination series of three, titer, booster, or signed declination).
7. A TB screen current within 12 months or chest X-ray current within two years.

Licenses, Professional Certifications, and Resuscitation Credentials

8. Clear copies of all current nursing **licenses** and professional certifications.
9. Clear copy of a **current CPR** card. If you have additional resuscitation credentials (**ACLS**, ENPC, NRP, PALS, TNCC).
13. Proof of eligibility to work within the United States (For example: a Social Security Card and a Driver's License, or Passport).

All the above items must be in your *completed* nurse file before your file is faxed to a facility for any assignment.

Please make sure that you include the highlighted items above with your application

Thank you for applying with Access Therapies

EMPLOYEE AUTHORIZATION TO RELEASE CONFIDENTIAL INFORMATION ON EMPLOYMENT FILE, BACKGROUND CHECK, MEDICAL RECORDS, RANDOM DRUG SCREENING, AND PAYCHECK DEDUCTIONS:

By affixing my signature hereunder, I authorize ACCESS THERAPIES to release any and all confidential employment, background check and medical information contained in my employment file to any medical facility or entity with whom ACCESS THERAPIES has a staffing agreement, and to any other governmental or regulatory agency at such agency's request. For all other purposes, shall keep my employment records confidential and shall advise any medical facility or other entity to ACCESS THERAPIES whom records have been provided to also keep such records confidential. I hereby hold ACCESS THERAPIES harmless for any result(s) that arise with regards to the release of this confidential Information by ACCESS THERAPIES.

Medical records information is confidential and ACCESS THERAPIES will instruct client facilities and/or other entities to treat the provided information confidential as well. I consent to a urine, blood or breath sample for the purposes of an alcohol, drug, intoxicant, or substance abuse screening tests. Furthermore, I consent to the release of the test results for purposes of determining the fitness for employment or continued employment.

I authorize ACCESS THERAPIES to deduct from my paycheck for any of the following: unpaid single-supplement housing expenses being the cost incurred for rooming by oneself instead of sharing a room with a roommate, non-authorized housing expenses including but not limited to housing items taken from room(s) or other provided housing, telephone and fax charges to room left unpaid at time of departure, any other room service charges such as movie rentals or dry cleaning costs, any damage/destruction done to room or other housing, and any other expenses due and owing to ACCESS THERAPIES.

My signature hereunder further indicates that I have read the EMPLOYEE AUTHORIZATION TO RELEASE CONFIDENTIAL INFORMATION ON EMPLOYMENT FILE, BACKGROUND CHECK, MEDICAL RECORDS, RANDOM DRUG SCREENING AND DEDUCTION FROM PAYCHECK POLICY in its entirety and understand its contents.

I understand that my employment is "at will" and may be terminated by me or ACCESS THERAPIES at any time, with or without prior notice, for any lawful reason or no reason. I further understand no contract is intended by me or ACCESS THERAPIES and as such my employment is not governed by any contractual relationship with ACCESS THERAPIES. I certify that the facts contained in this application are true and accurate. I understand that any misrepresentation or omission of facts is cause for dismissal. I authorize the employer to investigate any and all statements contained herein and request the persons, firms, and/or corporations named above to answer any and all questions relating to this application. I release all parties from all liability, including but not limited to, the employer and any person, firm or corporation who provides information concerning my prior education, employment or character.

PREVENTING AND ADDRESSING SEXUAL HARASSMENT AND UNLAWFUL DISCRIMINATION

The Company is committed to working with Client healthcare facilities to provide a work environment that is free of harassment and discrimination. In keeping with this commitment, we do not tolerate any form of sexual harassment or any other form of unlawful discrimination.

Harassment based on race, sex, national origin, disability, sexual orientation; religion or other protected characteristic is a violation of state and federal laws. State and federal laws define sexual harassment to include unwelcome sexual advances, requests for sexual favors, and other verbal, visual, or physical conduct of a sexual nature. Any person who commits such a violation may be subject to personal liability as well as disciplinary actions, up to and including termination.

Sexual harassment of employees by supervisors, co-workers or clients/customers is strictly prohibited. Such conduct is unlawful when:

- ◆ Submission to the conduct is made a term or condition of employment;
- ◆ Submission to or rejection of the conduct is used as the basis for an employment decision affecting an employee; or
- ◆ The conduct has the purpose or effect of unreasonably interfering with an employee's work performance, or creating an intimidating, hostile, or offensive work environment.

Examples of sexual harassment include unwelcome sexual flirtations, advances or propositions; verbal abuse of a sexual nature; subtle pressure or requests for sexual favors; unnecessary touching of an individual; a display in the workplace of sexually suggestive objects or pictures; sexually explicit or offensive jokes; or a physical assault.

If at anytime on your assignment you believe that you are being subjected to discrimination or harassed in any way, please express your assessment of remarks made or actions taken as "harassment," or "discrimination" and the facts of the incident(s) to your direct supervisor, the house supervisor, or, if you prefer, the assignment facility's Human Resources department.

In many situations, individuals are insensitive to the offensiveness of their words or behaviors, but will cease the offensive behavior when its impact is brought to their attention. Try this approach, bearing in mind that what is acceptable in one environment may not be acceptable in another.

While working as a Traveler you may find environments that are less tolerant of "kidding around" and "teasing" than you have been used to, or you may find yourself uncomfortable

in an environment that is far more tolerant of “kidding around” or “teasing” than you have worked in before. In this situation, make your discomfort known through the appropriate chain of command at the healthcare facility.

If the situation is not resolved to your satisfaction, please report the facts of the incident(s) to the Clinical Liaison who will immediately investigate any complaint and work with the assignment facility to define and initiate appropriate preventive and/or corrective action(s).

No Traveler or corporate staff employee will be retaliated against for making a complaint or bringing inappropriate conduct to the Company’s attention, for preventing unlawful practices, or for participating in an investigation, proceeding, or hearing conducted by any governmental agency.

TRAVELERS:

- 1. Be aware that as a Traveler you will be viewed as a “newcomer,” and may not ever become part of the facility’s social “family.” Be especially conscious of this status in your words and actions, taking care never to say or do anything that could be viewed as “in poor taste” or construed as harassing behavior. Always keep in mind that what is acceptable in one environment may not be acceptable in another, and that often one person’s “kidding around” or “teasing” is another person’s “harassment.”*
- 2. Show respect to everyone by refusing to participate in or tolerate inappropriate behavior.*

I have read, understood and intend to comply with these Professional Conduct Expectations.

AGE SPECIFIC JOB REQUIREMENTS

JCAHO mandates that caregivers and other facility employees are competent to provide age appropriate care and services. As a result our Client facilities require that we document your competencies for all age groups for whom you provide care.

The following highlights some of the most important caregiver actions related to the age of the patient. Identify the age groups of your patients.

Neonates

Provide protective environment.

- ◆ Cuddle and hug the baby.
- ◆ Use pacifier and bottle as distractions.
- ◆ Position babies in supine position for sleep.
- ◆ Ensure warmth.
- ◆ Involve parents in decision making process.
- ◆ Provide parents with information about support services available to aid them to meet the needs of their baby post-discharge.

Infants

- ◆ Keep parents in infant's line of vision within safety limits.
- ◆ Give infant a familiar object for comfort.
- ◆ Limit the number of strangers present.
- ◆ Remove equipment used and keep rail up after procedure.
- ◆ Position infant in supine position for sleep.
- ◆ Involve parents in decision-making processes.
- ◆ Do not allow infant to routinely use a bottle as a sleeping aid.
- ◆ Provide parents with information about support services available to help them to meet the needs of their child post-discharge.

Toddlers

- ◆ Explain what you'll do before beginning.
- ◆ Use firm, direct approach.
- ◆ Give one direction at a time.
- ◆ Prepare the child immediately before procedures.
- ◆ Allow choices when possible.
- ◆ Distract the toddler from focusing on pain or procedures.
- ◆ Use play as a means of preparation and explanation of procedures.
- ◆ Allow for religious/cultural beliefs as expressed by parents.
- ◆ Include parents in education of the toddler.
- ◆ Emphasize aspects of procedures that will require cooperation.

- ◆ Provide parents with information about support services available to help them meet the needs of their toddler post-discharge.

Pre-school and school-age patients

- ◆ Explain procedure and equipment using correct terminology.
- ◆ Plan for duration of education and play sessions appropriate to child's tolerance.
- ◆ Educate using games, rewards and praise.
- ◆ Allow child to have as much control over the environment as possible.
- ◆ Explain unfamiliar objects.
- ◆ Involve child whenever possible.
- ◆ Plan procedures in advance to reduce child's waiting time.
- ◆ Allow for expressions of religious/cultural beliefs as expressed by the parents.
- ◆ Include parents in the child's education.
- ◆ Provide parents with information about support services available to help them meet the needs of their child post-discharge.

Adolescents

- ◆ Include reasons in explanation of procedures.
- ◆ Encourage questions regarding the patient's fears.
- ◆ Provide privacy – especially for adolescents.
- ◆ Involve in decision making and planning.
- ◆ Expect resistance from the patient.
- ◆ Allow for religious/cultural beliefs.
- ◆ Include parents in the patient's education as appropriate to the family dynamic and medical condition of the patient.
- ◆ Provide parents and the adolescent with information about support services available to help them meet their needs after the patient's discharge.

Adults

- ◆ Include reasons in explanation of procedures.
- ◆ Encourage questions regarding the patient's fears.
- ◆ Provide privacy.
- ◆ Involve in decision making and planning.
- ◆ Allow for religious/cultural beliefs.
- ◆ Bring significant others into the patient's education.
- ◆ Provide for mobility of the patient.
- ◆ Provide information to patient and members of the patient's support network about available services to help meet the patient's and their needs post-discharge.

Geriatrics

- ◆ Include reasons in explanation of procedures.
- ◆ Encourage questions regarding patient's fears.
- ◆ Provide privacy.
- ◆ Speak distinctly.
- ◆ Focus light directly on objects.
- ◆ Slow the pace of explanations and presentations.

- ◆ Ensure warmth.
- ◆ Involve in decision making and planning.
- ◆ Provide for mobility of patient.
- ◆ Change patient positions slowly due to decreased circulatory force.
- ◆ Involve patient or designated individual in decisions involving treatment plan.
- ◆ Consider ability to chew, taste, see, hear, and think and remember in seeking patient's cooperation and in patient teaching.
- ◆ Provide information about support services to help caretakers and other family members meet the patient's and their needs post-discharge.

I have read, understood and intend to comply with these professional conduct expectations.

Hepatitis B Vaccination Fact Sheet

The Vaccine:

Engerix-B (Hepatitis B Vaccine-Recombinant) is a noninfectious, Recombinant DNA hepatitis B vaccine. Over several studies, at least 90% of the individuals immunized have been seroprotected. Duration of protection by the vaccine has not been fully defined and is still being studied; however, in one study 76% of the immunized individuals had titers high enough to be considered immune for 10 years after vaccination.

Persons with immune deficiency problems should obtain a written release from their physician prior to receiving the vaccine. Persons with known allergies to yeast may require a different form of the vaccine known as "Hepatitis B Virus Vaccine (Plasma-derived).

Benefits to Recipients:

The hepatitis B vaccine provides protection against acquiring the hepatitis B virus. It is especially recommended to those individuals who have occupational exposure to blood of other potentially infectious materials. Although most people who acquire hepatitis recover fully, about 10% become chronic carriers of the disease and 1-2% die of fulminant hepatitis. There also has been an association between hepatitis B virus and the development of liver cancer and/or cirrhosis of the liver. Thus the vaccine and the vaccination offer a method of protection, free of charge to the Access Therapies employee, from acquiring hepatitis B at work or elsewhere.

Possible Adverse Reactions:

Engerix-B (Hepatitis B Vaccine-Recombinant) is generally well tolerated. No substances of human origin are used in its manufacture. Adverse reactions, if any, to the vaccines are generally mild, infrequent, and transient. As with any vaccine, however, it is possible that expanded commercial use of the vaccine could reveal rare adverse reactions not observed in clinical studies.

The most frequently reported adverse reactions include: injection site soreness, fatigue, weakness, induration, erythema, swelling, fever, headache, and dizziness. Adverse reactions of a more serious nature have been reported, but with a frequency of less than 1% of the immunized population. If there are any further questions regarding adverse reactions of the vaccine, ask your supervisor.

Contraindications:

Not to be used in persons with a known allergy/hypersensitivity to yeast and/or other components of the vaccine. The vaccine should be administered with caution to any person known to have thrombocytopenia or bleeding disorder. These persons should have the vaccination administered via the subcutaneous versus the intramuscular route.

Dosing Schedules:

Three doses of the hepatitis B vaccine are required to confer immunization against infection. "Engerix-B" is administered on a selected date, then again at one-month and at six-months from the date of the first injection.

Pregnancy, Fertility and Lactation:

Since animal reproduction studies have not been carried out on "Engerix-B", the vaccine should be given to pregnant women only when clearly indicated. It is also not known whether the vaccine can cause any harm to the fetus when administered to a pregnant woman. It is not known if the vaccine affects fertility. Finally, it is not known if the vaccine is excreted in human breast milk. Because many drugs are excreted in human breast milk, caution should be used when considering administering the vaccine to a nursing mother.

HEPATITIS B VIRUS VACCINE CONSENT/DECLINATION

Please sign and date EITHER the verification OR declination.
DO NOT SIGN BOTH.

Bloodborne Pathogens

I have been informed of the symptoms and modes of transmission of bloodborne pathogens including Hepatitis B virus (HBV). I know about the agency's infection control program and understand the procedure to follow if an exposure incident occurs.

Hepatitis B Vaccine Verification

I fully understand that my occupation may lead to exposure of blood or other potentially infectious materials. I may be at risk of acquiring Hepatitis B infection. I was vaccinated for Hepatitis B (HBV) in the past (All 3 vaccines) and the date of my last vaccination was _____. I will provide all records of previous of Hepatitis B vaccinations.

Signature

Date

Printed Name

Hepatitis B Vaccine Declination

I understand that due to my occupational exposure to blood or other potentially infectious materials I may be at risk of acquiring hepatitis B virus (HBV) infection. However, I decline Hepatitis B vaccination at this time. I understand that by declining this vaccine, I continue to be at risk of acquiring hepatitis B, a serious disease. If in the future I continue to have occupational exposure to blood or other potentially infectious materials and I choose to be vaccinated for Hepatitis B, I will pursue the vaccination series
